“Providing The Opportunity For A Fresh Start, For Every Heart, In Every Nation!”

Fresh Start Africa! May 13-25, 2010 Trip Report...

We have just completed a wonderFULL Fresh Start week in Gaborone, Botswana with 140 college students going through discipleship training with [Face The Nation!](#) It was an Ephesians 3:20 Fresh Start Seminar week! Many, many, many hearts experienced a fresh start...Many father wounds due to rejection & abandonment. Incomprehensible stories! But now, their stories are being rewritten through the transforming power of forgiveness & freedom in Christ!

Also, we had five nights at [Open Baptist Church](#) doing a Fresh Start seminar & MORE - primarily with church leaders, counselors, and care-givers. Great response! Wonderful fruit!

All of the above is making it possible for a great partnership being established with FTN & OBC! I truly have a sense of destiny for all that we experienced during our time in Botswana, with implications of a divine ripple effect throughout Africa!

Our time at the Madikwe Game Reserve and Thakadu Lodge was an incredible experience as well! The Game Drives were great and our driver was wonderful. I had opportunity to ask about his family, his dreams, and his heart. This led to sharing about what we had been doing in Gaborone and explaining what Fresh Start is all about...the transforming power of forgiveness and freedom in Christ! His heart was so impacted that he asked if I would share about Fresh Start with the entire Thakadu staff before we left on Monday. So, that is exactly what we did. On Monday after the early-morning Game Drive and breakfast...we gave a "mini" Fresh Start seminar (with approximately 20 staff)! Incredible! God's favor is amazing!
