

# FRESHSTART™ Trip Report

*“Providing The Opportunity For A Fresh Start, For Every Heart, In Every Nation!”*

## **Fresh Start Cape Town! September 28 - October 11, 2010 Trip Report...**

I have recently returned from Cape Town, South Africa - and I am still OVERFLOWING from the experience!

What a wonderful time it was - definitely an Ephesians 3:20 experience... so far “above and beyond” what I could have asked for or imagined.

There was abundant opportunity to connect with the community of Ocean View (a Township) where Karl & Julie Ostrand will be ministering Fresh Start and MORE. ([www.karlandjulie.com](http://www.karlandjulie.com)) It was heart-breaking to see the hopelessness and need - yet, so exciting to see the OPPORTUNITY!

An invitation was also offered to share the “forgiven and forgiving” message of Fresh Start with the All Nations CPx South Africa leadership and students. (<http://all-nations.co.za/>) There was such a strong response and great interest. The people there are so loving and wanting to see wholeness in their own lives, and then to minister to others from the “overflow”!

As a result of the many opportunities to share and minister the “grace and truth” of Fresh Start, a venue was provided to hold a Fresh Start workshop for any who were interested. The response was so great that they had to move the meeting to a larger room! CPx students & leaders, township residents, local ministry leaders and even children attended! All age groups and demographics were represented - and from the feedback I received after the event (and am still receiving), it was clear that many were set free from the “chains” of unforgiveness!

We have already been invited back for MORE, so please pray for the “next step” as we seek to offer the opportunity for a fresh start, for every heart, in South Africa and beyond!
