

FRESHSTART™ Trip Report

"Providing The Opportunity For A Fresh Start, For Every Heart, In Every Nation!"

**Fresh Start Tijuana
March 29 - April 5, 2011**

¡Maravillosa!

Our Fresh Start Team has returned from a wonderful time in Tijuana and San Diego fulfilling our Fresh Start mission: helping men, women and young people resolve the effects of offense, hurt and loss!

The Fresh Start seminar in Tijuana on Saturday, April 2nd was a definite highlight. Our prayers that God would fill "the house" with people (well over 100) and His Presence were answered! There were many tears, hugs and celebration as those in attendance processed the issues of their hearts!

At the end of the seminar, a grown man came forward and testified, with tears running down his face and brokenness in his heart, that he forgave his mother for leaving him (committing suicide) when he was a child. By "canceling the debt" in prayer to the Lord, he was free!

Our next step in helping to establish a Fresh Start beachhead in Tijuana, is to partner with Jesus Rodriguez in scheduling a weekend retreat later this year. This would include a select group of 20 or so key leaders, who will be the core team who carry Fresh Start forward in Tijuana!

Thank you so much for your prayers for our safety and fruitful ministry while we were on this exciting mission.

Please continue to pray that all of the heart transformation that has been experienced in recent years would lead to the transformation of a city and beyond!

Remember, with the Lord, there's always MORE!
